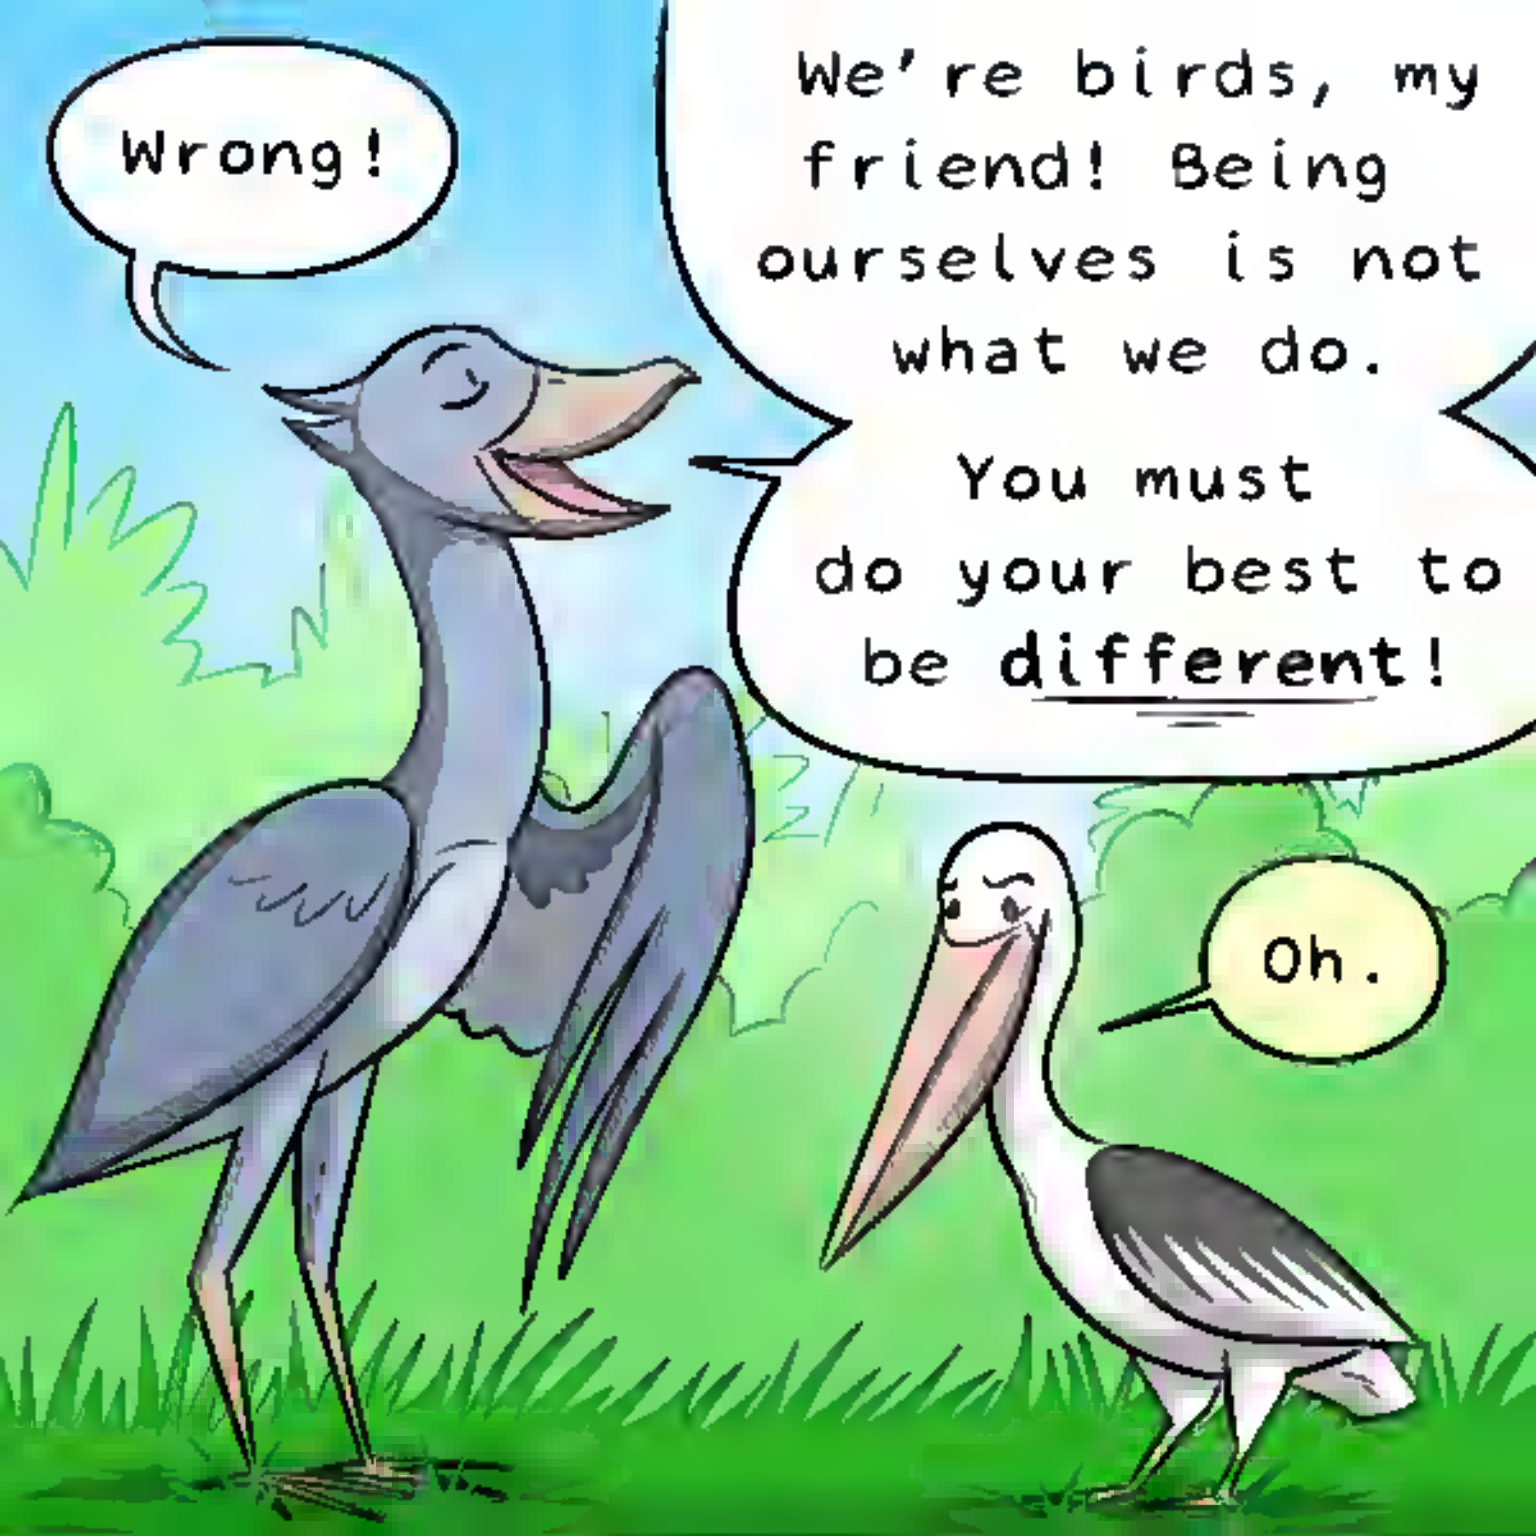
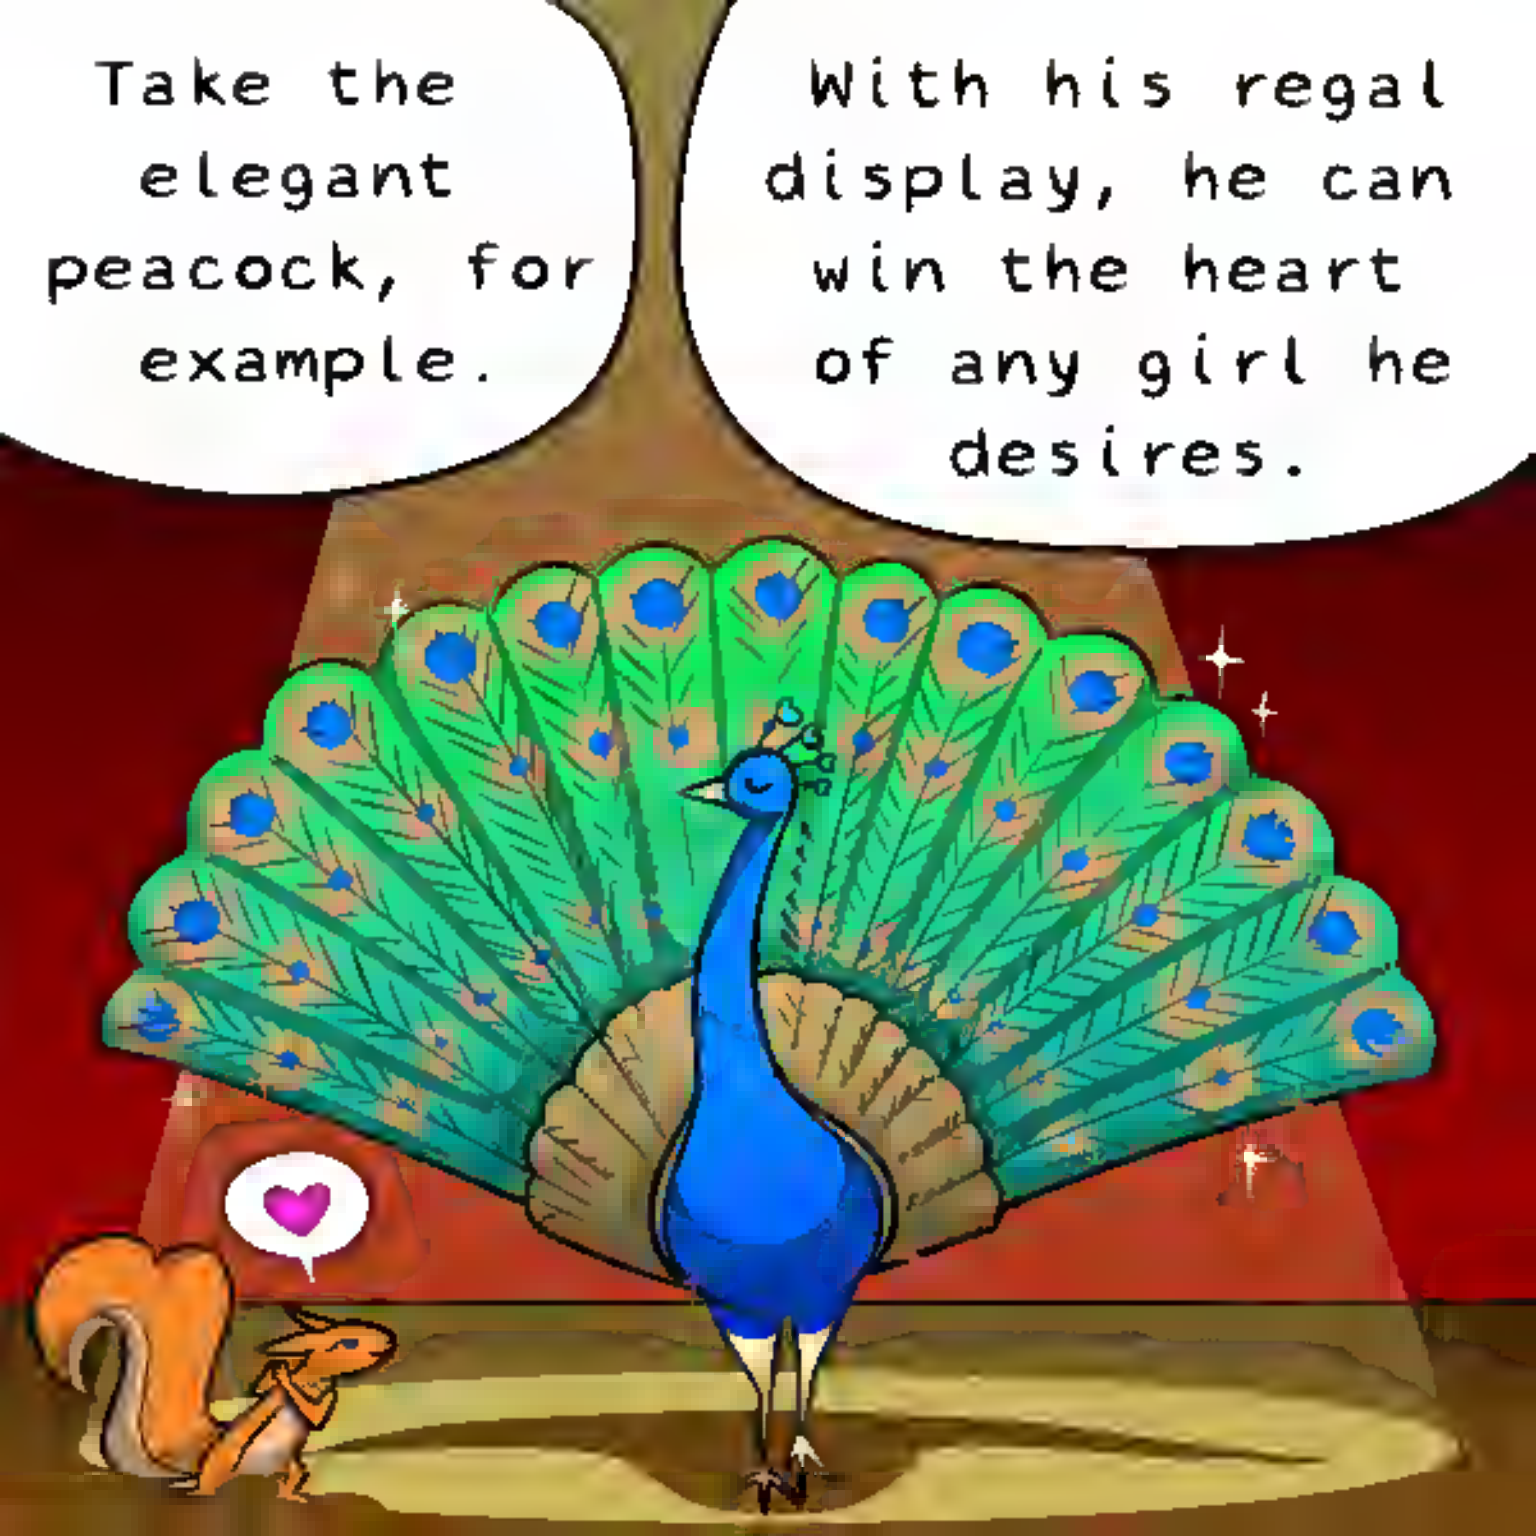
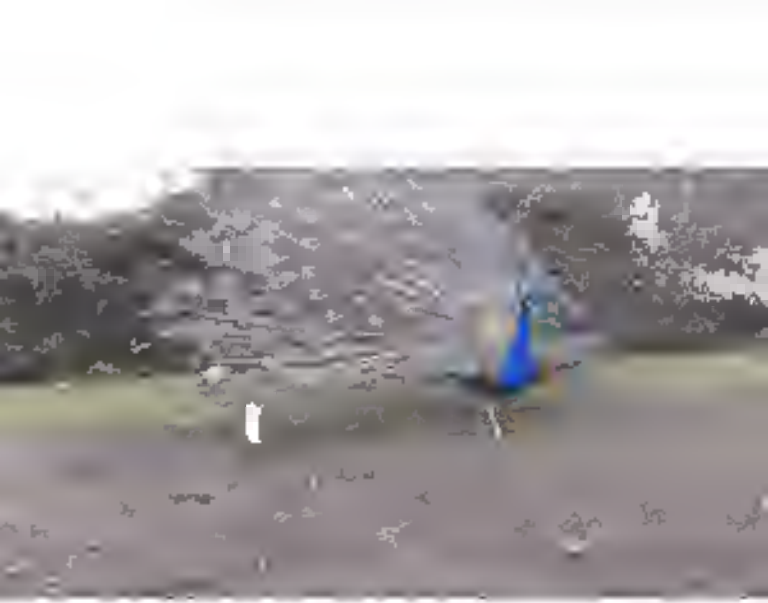
So, you want to attract a mate! Tell me, what's your game plan?
Um...
Be myself around her and hope she likes me back?

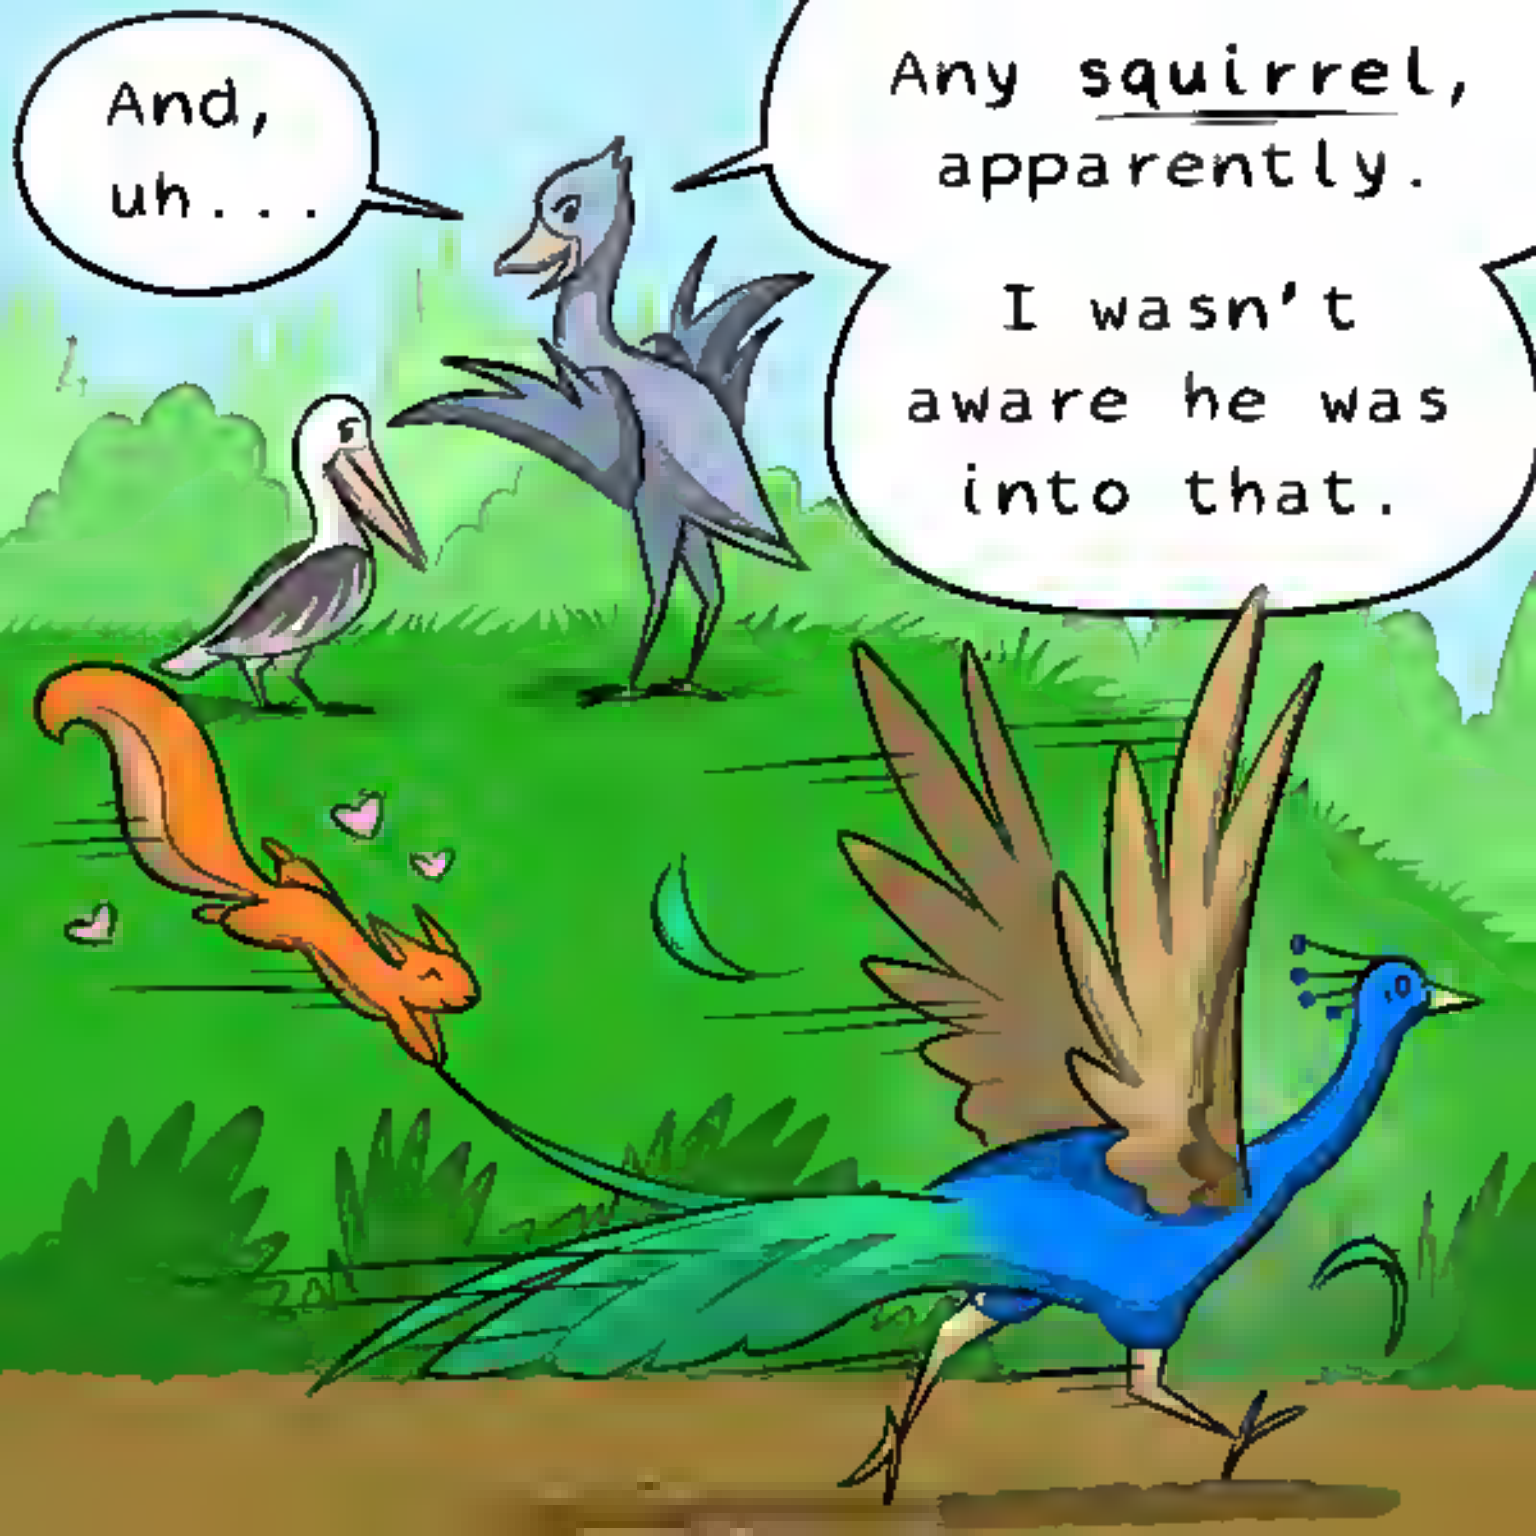


Wrong!
We're birds, my friend! Being ourselves is not what we do.
You must do your best to be different!
Oh.



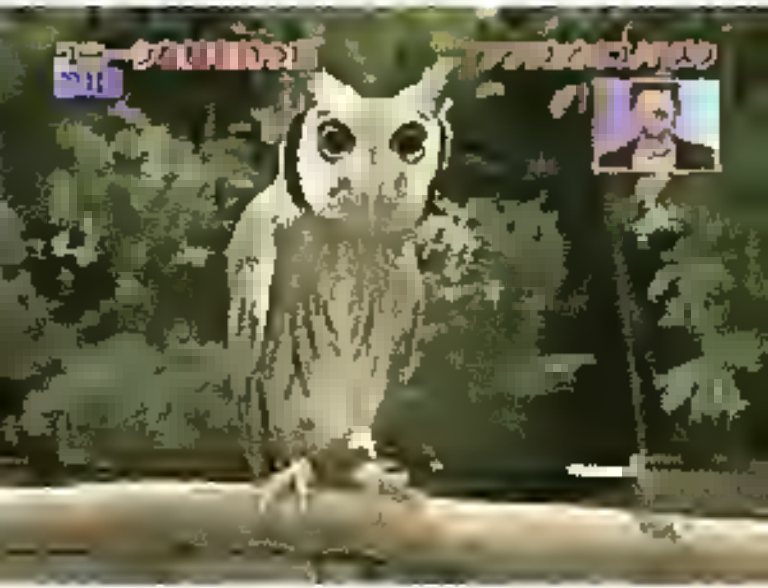
Take the elegant peacock, for example.
With his regal display, he can win the heart of any girl he desires.



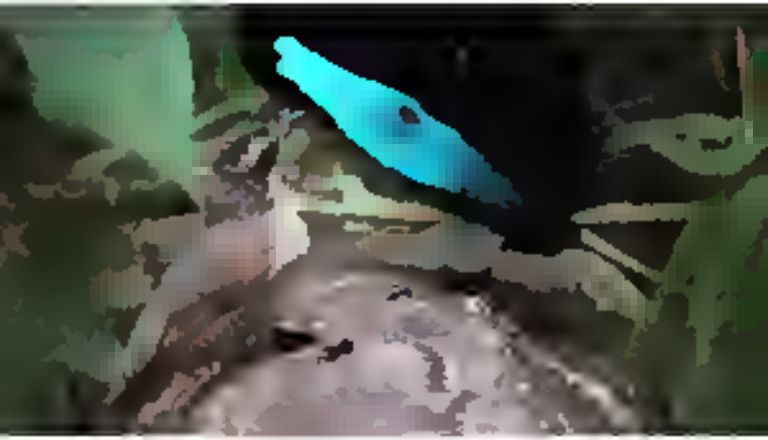


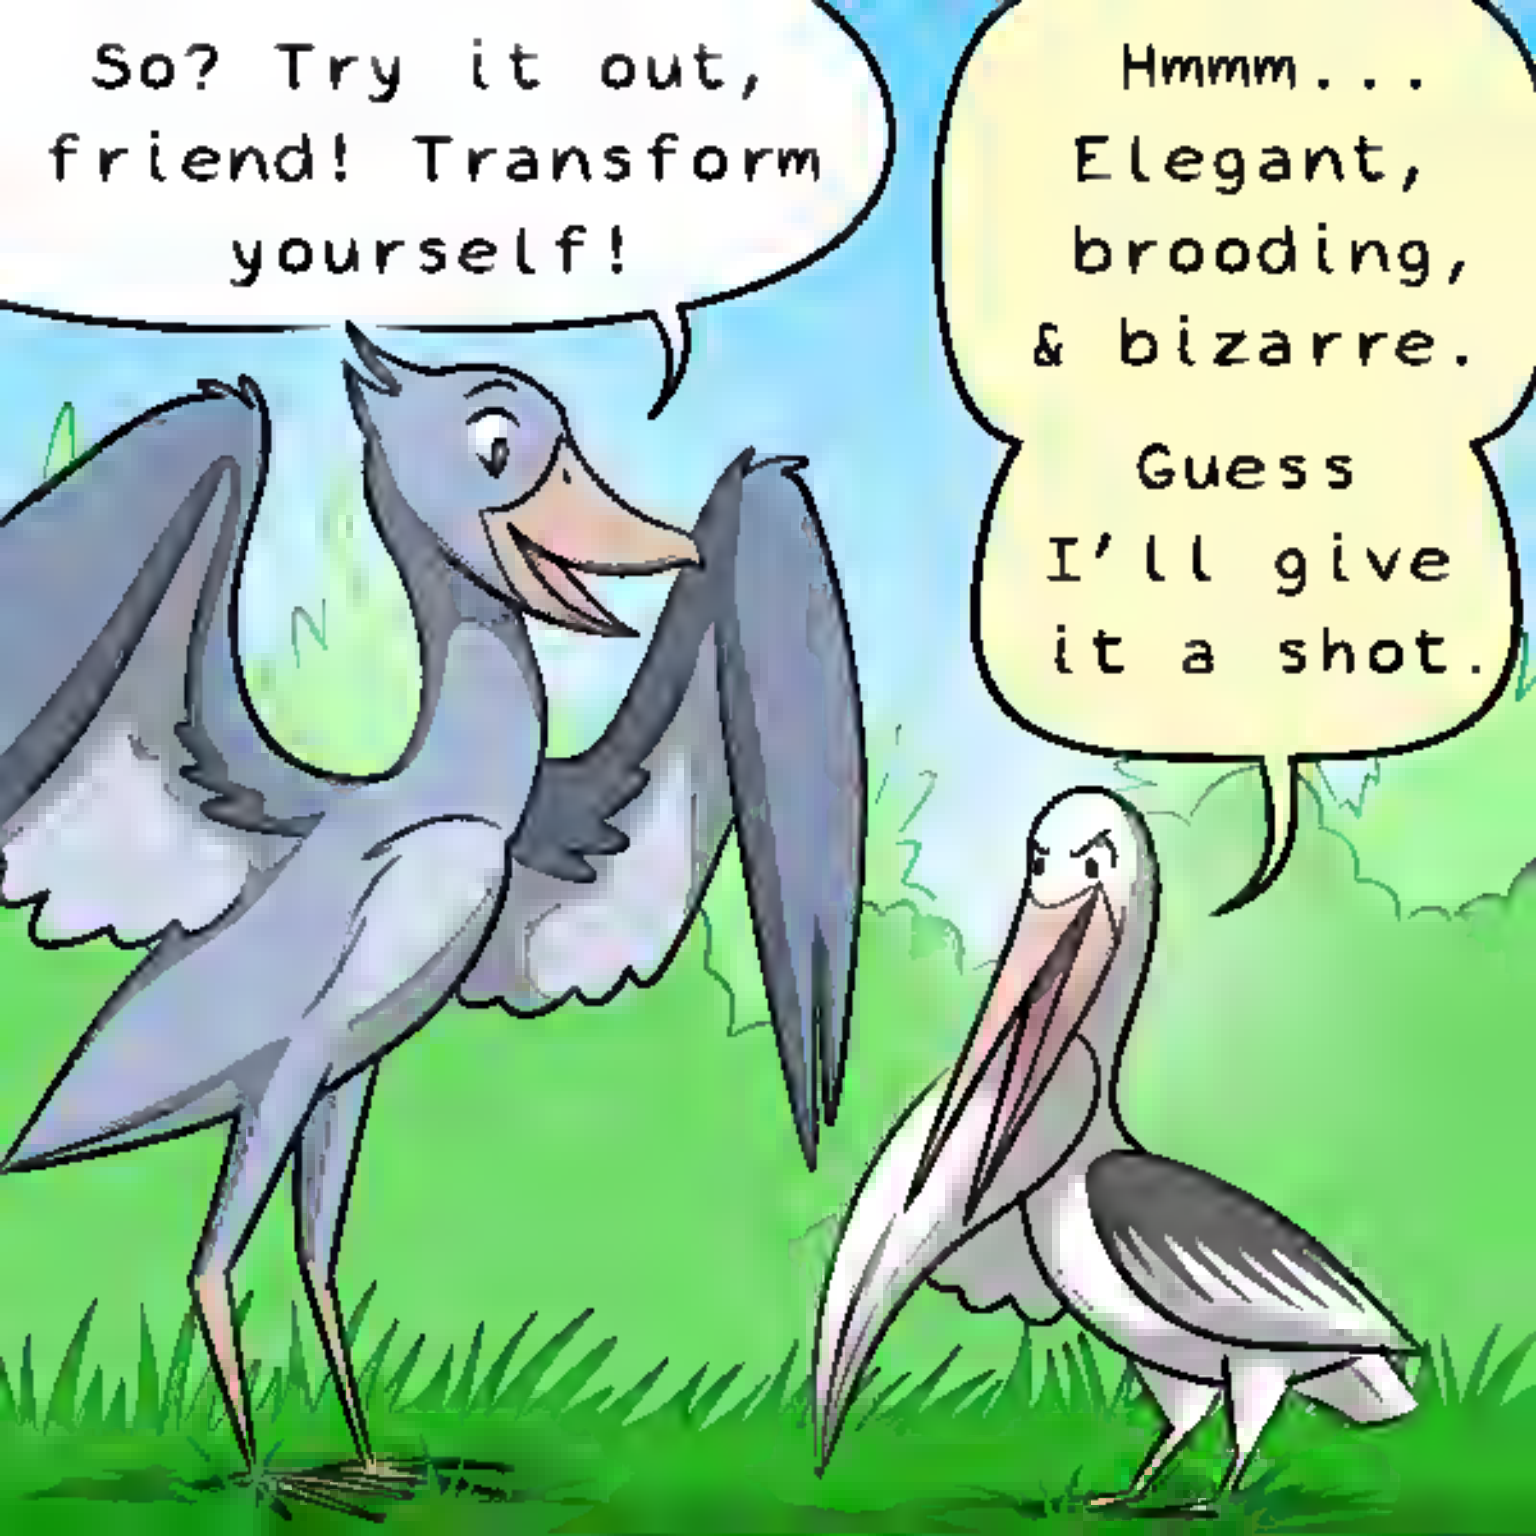
And, uh...
Any squirrel, apparently.
I wasn't aware he was into that.

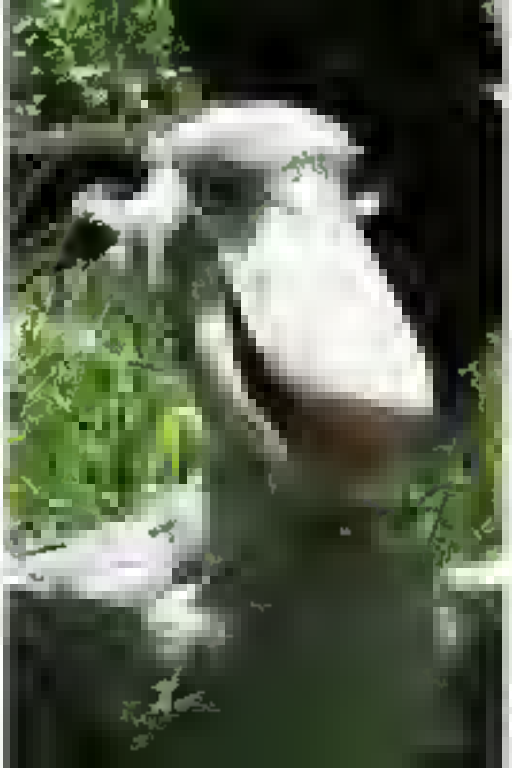
If elegance isn't your thing, you could always go for a dark and brooding look!
Chicks really dig the vampire aesthetic!



And if none of that gets the job done, plan C just entails acting as bizarre as possible.
It works for this guy!
FWEEEEEEEEE





So? Try it out, friend! Transform yourself!
Hmmm... Elegant, brooding, & bizarre.
Guess I'll give it a shot.


Hah! Pretty good, right?
I bet I'll get all the ladies!
. . .
